-

Next Steps

Immediate

 **Complete** - All changes have been successfully deployed to the main branch

Recommended

1. **Deploy to Production** - Push the changes to your live environment
 2. **Test on Production** - Verify all pricing displays correctly on live site
 3. **Update Documentation** - Ensure any external pricing documents are updated
 4. **Notify Team** - Inform sales/support team of the price change
 5. **Monitor** - Watch for any customer inquiries about the new pricing
-

Notes

- **No breaking changes** - All pricing updates are cosmetic/data changes
 - **Backwards compatible** - No API or schema changes required
 - **Credits never expire** - This remains unchanged
 - **Same pricing structure** - Still \$100 per credit across all packages (consistent pricing)
